# PROVIDING BEST-IN-CLASS PROCESS INSTRUMENTATION

## ACCUTRON INSTRUMENTS

ClimaTrax Multivariable Environmental Sensor, CommTrax Ethernet Gateway, FlowTrax Mine Ventilation AirFlow, GasTrax Intelligent Dual Gas Sensors (NO<sub>2</sub>, CO, SO<sub>2</sub>, H<sub>2</sub>S, O<sub>2</sub>), Industrial Laser Range Finder for Level, MAQS Air Quality Station.

## ASCO/NUMATICS

Red Hat Solenoid Valves, Combustion Gas Valves, Cylinders, Motion Control, Air Dryers/Regulators, Air Filters, Fieldbus Valve Systems, Pressure/Temperature Sensors.

## ARMSTRONG MONITORING CORP.

Single, Dual and Multi-Channel Gas Detection, Hazardous Gas Monitoring Equipment, Sensors and Transmitters, On-Site Preventative Maintenance and Calibration

## BRAY CONTROLS

Quarter Turn Butterfly, Ball and Segmented Valves, Pneumatic and Electric Actuators, Severe Duty, Cryogenic, Triple-offset Zero Leakage

## CONTROLAIR

Precision Pneumatic Control Products, Air Pressure Regulators, I/P & E/P Transducers, Filter Regulators, Volume Boosters

## DELANAN

Solid and Liquid Point Level and Continuous Level Measurement, Capacitance Probes, Microwave and Ultrasonic Switches.

## EASYTORK

Springless Pneumatic Vane Actuator, Control Valve, Fail-Safe Air Pilot Valve, Nema 4 and Explosion Proof Limit Switches

## FLUKE

Multimeters, Clamp Meters, Vibration Testers, Thermal Imagers, Power Quality Analyzers, Process Calibration, Scope Meters.

## KOBOLD

Flow, Level, Temperature and Pressure Indicators/Switches/Transmitters

## J-FLOW

Standard 2-Piece and 3-Piece Ball Valves, Customized 3-Way and 4-Way Ball Valves, Top Entry Valves, Trunnion Valves, Floating Flanged Valves, Segmented V-Ball Valves

## MELTRIC

Switch Rated Plugs and Receptacles, Multipin Connectors, Distribution Systems

## OBRIEN

Instrument Winterizing Enclosures, Heat Trace Sample Tubing, Pre-Insulated Tubing Bundles, Instrument Mounting Hardware

## PHOENIX CONTACT

Terminal Blocks, Signal Conditioners, Power Supplies, PLC Relays, Media Converters, Ethernet Switches, TVSS, I/O Systems, PLC

## PRECISION DIGITAL

Digital Panel Meter, Field Mount Indicators, Explosion Proof, Modbus Scanners, Digital Pressure Gauges, Multichannel Indicators

## PR ELECTRONICS

Signal Isolation and Conversion, Temperature Transmitters, I/S Modules: Analog, Temperature and Digital, Current Alarms, Frequency/Pulse Modules

## RHORBACK COSASCO

Corrosion Monitoring Solutions, Instrumentation, Probes, Coupons, Mechanical Access Systems, Wireless Online Monitoring

## RICE LAKE WEIGHING SYSTEMS

Industrial and Commercial Weighing Systems, Loadcell Module Kits, Indicators, Printers, Truck and Rail Car Track Scales, Floor and Bench Scales

## STEUTE WIRELESS

Wireless Command Devices, Foot Switches, Inductive Sensors, Optical, Magnetic Sensors, Multifunction Handles, Position Switches, Pull-Wire Switches

## TELEDYNE ANALYTICAL INSTRUMENTS

Gas Analyzers, Trace and Percent Portable, Combustion & Emission Analyzers, Photometers, Gas Chromatography, Total Sulfur, Thermal Conductivity, Plasma Ionization, Flame Ionization

## TROLEX

Fixed Gas Detection, Personal and Portable Gas Detection, Wireless Gas Detection and Dust Particles Detection Sensors

## VERTIV

Single Phase AC UPS (Rackmount and Floormount), TVSS Single and Three Phase Surge Protection.

**For over 50 years**, Armatek is your number one source in Eastern Canada for process instrumentation for control and monitoring systems for maximum precision, efficiency and reliability. Our team is experienced, knowledgeable and committed to resolving all of your application needs. Our products are essential in the efficient operation of plants in oil and gas, petrochemical, steel, pulp and paper and other markets.

At ARMATEK, we are proud to have established our company as a leading measuring instruments supplier and we take pride in developing and earning the trust of our customers by supplying the best solution for the application, budget and timeline.
